The two cockroaches seen of four freedom and hope, as they stopped running they was mesmerised from what they was seeing people with bread since the cockroaches hope that the humans do not hurt them.

Noah was woken down the hall. with a Supli's he saw his dream thing, lovely store. He whated tell a person with a bag Noah saw a lady with a bag he jumped in to her bag and he jumped on to the self. He began crying. He then exploded. Empty ~~Bladder~~ Bladder. Then he began to stikken.....

We was peeling in it his toes  
were stuck in the laces. A human  
was coming over she had a heart on  
her face and lots of makeup. Shane ran  
over and picked up a piece of plastic it  
was a piece of a tag. He cut the lace  
and grabbed Noah. They had to tackle  
the lace of his toes.

The desperate toads pilled and pilled  
Noah out of the market as a speed of light.  
They were lucky that no one saw them, they  
tackled Noah out side to take the loss of  
his toes and they took him in to the  
sun. They took the core of his toes to their  
shop. He apologised for putting their lives in  
danger. Shane was thankful but Kontypos  
as he knew that Noah would do something  
like this again.
